## DETAILED ACTION

### ***Response to Arguments***

1. Applicant's arguments, see remarks on pages 8-11, filed November 25, 2009, with respect to claims 23-53 have been fully considered and are persuasive. The 103(a) rejections of claims 23-53 have been withdrawn.
2. Acknowledgement is given to previously cancelled claims 1-22 and newly cancelled claims 48 and 49.

### ***Allowable Subject Matter***

3. Claims **23-47** and **49-53** are allowed.
4. The following is an examiner's statement of reasons for allowance:

**As to claim 23**, the prior art of record, taken alone or in combination, fails to disclose or render obvious as metallic, cylindrical pads distributed on the surface of a support, the pads having a thickness between 10 nm and 500 nm and configured to immobilize the chemical or biological species, and the pads having a dimension, other than the thickness, that is less than 1  $\mu$ m clearly shown, in combination with the rest of the limitations of the claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Reference **6,673,533** discloses materials and methods are provided for producing patterned multi-array, multi-specific surfaces for use in diagnostics.

However, it fails to disclose the limitations cited above in claim 23 regarding the pad dimension and immobilization features.
